Tellers

Before there was the internet, television, radio, or even books - people shared experiences, history, moral lessons, and camaraderie through oral storytelling.

We need your help!

Fayette County is uniquely positioned as the place to “**Create Your Story.**” Help us bring real storytelling to our local area. Red Clay Storytelling Festival is a non-profit organization dedicated to facilitating the growth and the appreciation of storytelling as an oral tradition, a performing art, and an educational tool.

The Third Annual Red Clay Storytelling Festival is a unique opportunity to unplug and get back to the origins of human interaction.

All sponsors will be mentioned in social media at a minimum of once a week prior to the festival and daily during the two-day event.
